PVC Foam Tape – Single Sided

V1510 PVC Closed Cell Foam Tape provides an excellent combination of flexibility and conformability with strength and wear resistance. It performs in those “tough duty” applications where a tape must still flex to fit and seal. Characteristics common to all closed cell vinyl foam products include the ability to make a long life seal against air, moisture, light and dust penetration. Closed-cell vinyl foam completely seals out air, moisture, light and dust when compressed 30% or more
